

About PetMeeter

PetMeeter – Pet Dating

Welcome to **PetMeeter – Pet Dating**, a place where pets bring people together.

PetMeeter was created for pet lovers who want to discover nearby pets, meet like-minded owners, and build genuine connections in a simple, safe, and enjoyable way.

We believe that pets naturally create bonds between people. Whether it's finding playmates for your dog, sharing experiences with other owners, or simply discovering adorable pets around you, PetMeeter makes those connections easy and meaningful.

Our app allows you to create your profile, add your pets, explore other pets, and interact through mutual likes. When there's a match, you can chat directly and start connecting.

Everything we design focuses on **simplicity, privacy, and safety**, so you can enjoy the experience with confidence.
